MT. VERNON BANNER

—FOR THE—

CAMPAIGN OF 1878!

SINGLE COPIES, 50 CENTS!

TEN COPIES, FOR \$3.50!

The Campaign of 1878, is now upon us,

and it is our design to make the BANNER,

as heretofore, a red-hot paper, lively, pun-

gent and truthful. In addition to its po-

litical, which are unwaveringly Democratic,

the paper will give all the news of the day,

in the most condensed form, as well as the

local news of the city and county.

TERMS.—Single copies, 50 cents; a club

of ten copies for \$3.50—cash in advance.

If the active Democrats in every town-ship

make a little effort, they can get up

large lists within the next two weeks.—

Will they not do it?

The Nationals of Belmont county

are in the field with a full ticket.

Mollie McCarthy, like some other

females, is a good deal of a dam-sell.

Charley Foster has concluded not

to carpet-bag over into the Toledo dis-

trict.

Grant for a third term means Grant

for life; and Grant for life means a mili-

tary despotism.

Old Peter Cooper wants to be May-

or of New York. Hadn't he better start a

woman's hotel?

It is believed that the crop of the

present year will be the largest ever har-

vested in America.

In Indiana it takes 53,000 Democ-

rats to elect a Congressman, and only

23,000 Republicans.

No man should gamble, especially

with other people's money. It is not

right—it is not honest.

Pittsburgh Telegraph. He is known

among the Ohio Democrats as President

Thurman. 'Nough said.

If Mollie McCarthy had been an

Ohio instead of a California mare, she

would not go home limping, with a flea in

her ear.

Uncle Dick as a hand-shaker is an

immense success; but when it comes to

making speeches, he gets things consid-

erably mixed.

The Chicago Tribune, the leading

Republican paper of the North-west, calls

Senator Conkling "a sneak and paltoonz."

This is disgraceful.

Hon. Daniel Sturgis, formerly

United States Senator from Pennsylvania,

died at his residence in Uniontown last

week, at an advanced age.

The Arkansas Democratic State

Convention, which met at Little Rock,

July 6th, nominated Governor Miller for

re-election, on the 15th ballot.

James Watson Webb, the distin-

guished editor and proprietor of the New

York Courier and Enquirer, a third of a

century ago, is lying at the point of death.

John Sherman should have made

some satisfactory "arrangement" with his

quondam friend Eliza Finkston, as he did

with Mrs. Jenks, before she told her little

story.

Captain and Mrs. Jenks, of New

Orleans, who tried to swear John Sher-

man out of his troubles, are to be arrested

for perjury. So says a dispatch from

Democratic Congressional Convention

at New Philadelphia.

Six Hundred Ballots and No

Nomination!

Convention Adjourned to Meet in Mt.

Vernon, July 31st.

Our account of the proceedings of the

Democratic Congressional Convention, at

New Philadelphia, last week, brought the

balloting down to 4 o'clock, Wednesday

afternoon, July 3d, when the BANNER

went to press, at which time five hundred

and forty ballots were cast. A night ses-

sion was held on that day, when the bal-

lotting was continued, until six hundred

ballots were cast, without the slightest

probability of a nomination being made

that evening. Various motions for an ad-

journing during different stages of the

proceedings, were made—Coshonnet, Mil-

lensburg, Mansfield and Mt. Vernon, in

the district and Newark and Columbus

outside of the district, being named; but

they were all voted down. Finally, be-

fore the adjournment, a motion was

made and carried, all the counties voting

for it except Tuscarawas, to meet in Mt.

Vernon, on Wednesday, July 31st, at 2

o'clock, P. M.

There never was a Convention held in

Ohio, where the balloting was continued

so long, and the adherence to their can-

didates by the different counties was so per-

sistent, as was witnessed at New Philadel-

phia. With the exception of a few bal-

lots cast by Tuscarawas county for Burns,

and a few cast by Richland county, for

Patrick, soon after the commencement of

the contest, it was one continuous, sing-

le, monotonous, unvarying, unchange-

ing vote, as follows: Coshonnet—Barger, 33

votes; Holmes—Pomeroy, 32 votes; Knox

Morgan, 33 votes; Richland—

Burns, 44 votes; Tuscarawas—Patrick, 45

votes, up to the 35th ballot, when Gen-

eral Morgan came into the Convention, and

in opposition to the wishes of his friends,

withdrew from the contest in a manly and

patriotic speech, which was alike credit-

able to his head and heart.

After this action on the part of General

Morgan, the Knox county delegation

withdrew for consultation, when it was

agreed that we should at first divide the

vote between the counties of Coshonnet

and Holmes, and afterwards cast the entire

vote for each of those counties alternately.

We failed to bring about a nomination,

and we were obliged to extend a similar

favor to the counties of Richland and Tuscar-

awas, and we were obliged to extend a

similar favor to the counties of Richland

and Tuscarawas, and we were obliged to

EDITOR BANNER.—Allow me, through

the medium of your paper, to give a pass-

ing notice to some imaginary fry, in last

week's *Republican*, under the disguised

name of "Mulcher." He says I am in

favor of cutting down expenses in the City

Council, especially when a Republican

presents a bill. As for that I am no re-

specter of persons when bills are presented,

let him be Republican or Democrat.—

However, I am inclined to think that

"Salary Grab" makes "Mulcher" more un-

easy than the bills spoken of, and then

how "gauzy" to complain of my sacrific-

ing a National on the altar of justice.—

Heaven forbid that I should be the cause

of having a sacrifice offered up in the City

Council of Mt. Vernon. By the way,

"Mulcher," perhaps you don't com-

prehend the word without that paid dictio-

nary. Can't you be prevailed upon to come

down to "rat row" some fine evening and

bring along that right-bower of yours

(Knabenshue), with his "Webster," and

deliver us a lecture on broad-trunk trans-

portation and "didn't spill," &c. How edify-

ing it would be for you to talk about the

amount of Railroads you have built, "and

at that," with a free pass in your pocket,

and during your lecture give us a history

of the public parks, fine streets and beau-

tiful trees—leaving out the would-be

Fountain in "Barn-yard Square"—that in

your imagination stands to your credit in

this city—a la Boss Tweed. In conclu-

sion, so far as my official duties are con-

cerned, I propose to look after the inter-

ests of my constituents and the public

in general—Salary Grabs to the contrary

notwithstanding.

Remarks of Hon. S. S. Bloom in the

Congressional Convention.

The convention was called to order.

Hon. James A. Estlin, chairman of the

Congressional committee, with a few ap-

propriate remarks, who introduced Hon.

S. S. Bloom, of Richland, who had been

selected as temporary chairman, who upon

taking the chair, addressed the convention

as follows:

Gentlemen of the Committee and of the

Convention—I sincerely thank you for the

honor you have conferred upon me, in

calling me to preside over the temporary

organization of the Democratic party of

the newly formed 17th Congressional

District.

Here, perhaps, I should stop, impressed

as we must be with the arduous duties

before us, and I should not wish to ex-

perience on account of the oppressive heat,

yet I deem it proper to be governed by

the usual custom upon such occasions, and

to say a few words to the convention.

I am impressed with the importance

of the occasion which we have assembled.

THE BANNER.

MOUNT VERNON, JULY 12, 1878

LOCAL BREVITIES.

The seventeen year locusts have made their appearance in certain localities.

The tax on matches has been abolished. So they will be much cheaper after while.

The wheat crop in the United States is this year estimated at four hundred million bushels.

There is a talk of offering a reward to the farmer who will shoot the first incendiary tramp.

Up at Mansfield the boys all declare that Rush Field will be elected by thirty thousand majority.

Millersburg Farmer: McWhorter's Camp Meeting, on last Sunday, was a dead failure, in every respect.

The Republican says "if Captain Boyer is beaten Republicans will do it." Some new trouble on hand, eh?

It is said that the great turkeys thrown into a freezer and chilled out solid make excellent ice cream for church festivals.

Rose ointment, with twenty grains of zinc sulphate to the ounce added, is recommended as a local application for freckles.

James A. Hedges, Esq., a prominent Mansfield grocer, of the firm of Hedges, Hedges & Walter, died on Thursday of last week.

The grass crop will be a little short in this county the present season, but there is enough old hay left over to make up any deficiency.

The Knox County Teachers' Monthly Association will meet in the Court House, Saturday, July 13, 1878, at 10 o'clock, A. M.

There has been uncommonly large rain falls hereabouts during the past week, and it is greatly feared the wheat will suffer as a consequence.

Washington and Jefferson College at its late Commencement conferred the degree of "A. M." on Prof. James Duncan, Jr., of Fredericktown.

Neither of the new National papers put in an appearance last week, and we have a report that only one of them will be published hereafter.

Dolph, Indiana, Saturday News: Mr. Mitchell Murphy has shown us a copy of the Mt. Vernon, O. BANNER, a live, energetic sheet. Thanks.

Now is a good time for farmers to sell their wool and wheat, pay off their store and printer's bills, get out of debt, and take a fresh start.

W. C. Quincy, late General Superintendent of the Baltimore and Ohio, has been appointed Receiver of the Indianapolis and St. Louis railway.

Along about these days we would like to see about one hundred of those men who promised to pay for the BANNER when they sold their wool.

Farmers are cautioned against leaving grain standing out in the fields very long after it is cut. House it as soon you can if you wish to preserve it.

Chicago Junction has a new paper called the Enterprise, and it now claimed that Huron county has more newspapers than any county in the West.

We have no less than thirty expressmen in Mt. Vernon to deliver packages, and yet, it is a curious fact, that when you want one he is not to be found.

While we think of it, we may remark that New Philadelphia has the meanest hotels and the most hospitable population to be found in a day's journey.

In 1850 Ohio alone raised thirty-one millions five hundred thousand bushels of wheat. In 1876 only about fifteen millions three hundred thousand bushels.

The work of changing the gauge of the C. Mt. V. & C. road one-half inch narrower, will probably be accomplished during the latter part of the present season.

What is the matter with our Knox County Agricultural Society, any how? We don't hear of a single movement being made towards getting up a Fair for 1878.

James Corbus, mail agent on the C. Mt. V. & C. railroad, has resigned his position, to accept a better and more lucrative one on the Pittsburgh & Ft. Wayne road.

Millersburg Farmer: Harvey Castor, baggage-master on the C. Mt. V. & C. R., has been laying at this place very sick for the past few weeks. He is slowly recovering.

The Auditor has the reports of the State Commissioner of Public Schools at his office ready for distribution to the proper officers, who are requested to call and get them.

Barnum's picture has been "hung on the outer walls" of Mt. Vernon for some time, but the little boys are in painful anxiety to know "the great moral show" will march into town.

The Cincinnati Gazette received its first information in regard to the balloting for Congressman in this district from the Special to the BANNER, and made suitable acknowledgment for the same.

The Fredericktown Free Press thinks that the Rev. McWhorter should enter the lecture field. He expected to "lecture" at a Camp Meeting in Millersburg lately, but the audience came to miss him.

Captain Simon B. Kenton, a well-known former resident of Mt. Vernon, and at one time deputy Auditor of Knox county, died a few days ago at the Soldiers Home, Dayton, at an advanced age.

It is now said that the threatening postal card received by Melvin Wing, was the work of some cruel wags, who make their headquarters at a certain drug store in town. It was a shameful piece of mischief.

Mansfield Shield: The Sturges will case which has been before the courts for several years, has been finally decided by the Supreme Court in favor of the contestants, H. H. Sturges and his sister, Mrs. Hosmer.

We have a painful rumor that a duel was fought near Mansfield, in the early part of this week, between Frank Ward, local of the Shield, and I. C. Kelly, local of the Liberal, and that both were shot in the neck.

The attraction at Marion Welsh's ice cream parlors last week, was the opening of three birds of a Night Blooming Cereus. Hundreds of persons visited the place and enjoyed the rare sight of the beautiful plant.

The last Utica Herald says: Mr. Jas. Honey, residing about four miles north of town, was very agreeably surprised on the 20th of June by his children and grandchildren calling upon him to pay him a family reunion, in honor of his eighty-eighth birthday. All his children and grandchildren, twenty-five in number, were present, and everything passed off very pleasantly and will long be remembered by all.

The man who will cheat a printer out of his just dues, would cheat his lame grandmother, for half a day, barefooted, through a prickly pear patch, to get a chance to knock her teeth out to sell them for old metal.

W. L. Thompson, the popular song writer, of East Liverpool, O., has sent us his latest production, entitled "Homeless and Alone To-night." It is a very pretty melody, and will be sent postpaid to any address for 40 cents.

The Deputy Collector's office at Mt. Vernon has been discontinued, and Licking and Knox counties have been added to Collector Atwell's District. All revenue stamps will hereafter be supplied direct from the principal office at Columbus.

From all parts of the county we have the most cheering intelligence in regard to the Democratic prospects; and from present indications we would not be surprised if our majority ranged from 500 to 1,000 in October. The Republicans are completely demoralized.

Utica Herald: Mrs. Elizabeth Byers, of Mt. Vernon, (better known as grandmother Byers), is visiting at J. C. Hemler's, Mrs. B., although in her 92nd year, is still active, and enjoys visiting among her friends. She is accompanied by her daughter, Miss Maggie Byers.

Bob Schilling, of Cleveland, addressed a meeting of the Nationals at the Court House, on Monday evening. He said the Republican party was past redemption—a defunct organization, as it were—so he directed his javelins at the Democratic party. But they were perfectly harmless.

Robt. Veon, chief car inspector C. Mt. V. & C. R., residing at Hudson, Ohio, while at work in Akron, Tuesday last, received a severe scalp wound and was knocked senseless by a heavy piece of iron falling from a derrick which he was standing under. He was removed by train to his home.

A three-year-old son of George Matthews, a farmer residing near Centreburg, was seriously injured on last Friday morning by a reaper. He was sitting down among the standing grain when the sickle struck him, almost severing his right leg at the knee-joint and making two ugly cuts in the left thigh.

The Cleveland, Mt. Vernon & Columbus R. R. Co. will sell tickets at excursion rates to all parties desiring to attend the grand State Reunion of Soldiers and Sailors, to be held at Newark, O., July 22, 1878. Arrangements are being made to make this one of the most successful gatherings ever held in Ohio.

The Rev. Geo. W. Pepper, of this city, delivered his famous oration on "America and American Citizens," on the 4th of July, at Cleveland, before the Society of Irish Nationalists, some three thousand persons being present on the occasion. His address gave great satisfaction, and is highly spoken of by the press of that city.

While driving a team Monday morning hitched to a mower, Mr. John Edwards, residing five miles north-east of Mt. Vernon, was very seriously injured by the team running away. His skull was dangerously fractured. He also sustained other injuries. His recovery is doubtful. The machine was completely demolished.

George W. Ingraham, a well-known lawyer and insurance agent, of Newark, made an assignment for the benefit of his creditors, on Monday last to C. A. Stevens. Assets estimated at \$8,000; liabilities not yet ascertained. Among his assets, is the large billiard hall, opposite the Rowley House, this city, managed by Mike Murphy.

"Guide Book to Scenes and Places of Note along the Baltimore and Ohio Railroad, and the Philadelphia, Wilmington & Baltimore Railroad," is the title of a very handsomely gotten up pamphlet, just issued from the press. The illustrations are in the best style of art, and the descriptive matter is from the pen of a ready writer. These pamphlets can be had by applying to Mr. D. P. Wooten, ticket agent at Mt. Vernon, O.

The principal business houses, hotels, &c., in New Philadelphia, were handsomely decorated with flags and banners, during the session of the late Democratic Congressional Convention. The most active man engaged in this work of honoring the Democrats was Henry Kaldenbach, Esq., a Republican. Indeed, the Republican citizens of New Philadelphia seemed to vie with the Democrats in extending to their guests a generous hospitality.

Col. James S. Crall, of Mansfield, Secretary of the Democratic Congressional Convention, at New Philadelphia, performed his work well and faithfully, and notwithstanding the intense heat and protracted session, he called every one of the six hundred ballots, and never asked for relief or rest; and even when the Convention unanimously voted to take a recess for thirty minutes to allow him time to breathe some fresh air, he refused to leave the hall, and declared he was not tired. Such power of endurance is unprecedented.

Of Rev. C. S. Bates the last Newark Advocate has this to say: Rev. C. S. Bates has resigned his position as Rector of Trinity Episcopal Church, Newark. This step has promptly followed the decision of Mr. Bates to accept the Professorship at Gambier to which he was invited some months ago. During his residence here, the people at large of Newark have learned to cherish a warm personal regard for Mr. Bates, and the regret which the proposed change will cause those immediately embraced within his parish, will be largely shared by the entire community.

A pleasant party of young folks had assembled at the Curtis House, on Tuesday evening, with the object of having a dance, when an "agent" of the proprietor of the hotel made his appearance, and prohibited the use of the parlor for that purpose; neither would he permit the piano to be used by the orchestra in furnishing the music. By this action, the proprietor made no friends, nor did the hotel add any to its reputation. Mr. Eustace, the lessee of the house is exonerated from any odium attaching to the action above alluded to.

We understand that D. W. Chase, Esq., of Cincinnati, has concluded to return to Mt. Vernon, his former home, and will resume charge of the book-store of Chase and Cassil, of which he is the senior partner. We are glad to hear it.

We learn that our friend Nevil P. Whitesides, through the recommendation of the editor of the Spirit of the Times, has been appointed agent in this county for "Dr. Young's Women Tonic and Powders." A very good appointment, indeed, and his initials across the wrappers would be so suggestive—N. P. W.—this "no x pin worms."

The McCormack Murder Trial. Three years and a half have nearly elapsed since our entire community were shocked by the atrocious and cold-blooded murder of one of our most respected and peaceable citizens, Deacon John McCormack. The trial of George McKay, indicted as one of the principals to the murder, will begin on Monday next, July 15th. The evidence to be produced by the prosecution has never been made public, but it is known that the chain of circumstances is so strong as to leave scarcely a doubt as to the guilt of the accused. The defense will try to prove an *alibi*, and feel equally confident of their ability to do so. The trial has fair to be one of the most interesting that has ever taken place in the county. The prosecution will be assisted by Col. W. C. Cooper and Hon. Columbus Delano—the latter having sustained, while in active practice at the bar, a reputation as a criminal lawyer, second to none in the State. The defense will be conducted by Hon. Abel Hart, J. B. Weight, Esq., and Major Blackburn, the renowned criminal lawyer, of Cincinnati. From the array of legal talent engaged in the case, it is safe to conjecture that all the points will be drawn out, and the jury furnished in a most thorough manner with all the facts from which to draw their conclusions.

The Harvest. Our farmers have been uncommonly busy during the past ten days in the harvest field. The crops are immense, and having ripened suddenly, it has been next to impossible to get good harvest hands when most wanted. The villainous tramps and communists who have been sending threatening letters to farmers, warning them to use machinery in cutting their wheat, under a penalty of having their stacks destroyed by fire, refuse to work when employment and good wages are offered them. They prefer idleness and a life of plunder than to earn their bread by the sweat of their brows. A great deal of wheat will be lost by being overripe, causing it to shell out and scatter over the fields. Still there will be an abundance left. We would advise those idlers who stand on the street corners, talking politics, and growling about "hard times," to go out into the country, where they will find plenty to do, good wages and excellent living.

Who is A. K. Harvey? Mr. HARPER—As most of the people of the county are unacquainted with the Republican candidate for Surveyor, Mr. A. K. Harvey, please say to your readers that he is the same man who publicly declared that "the farmers of Knox county were an ignorant set of men—nothing more than first-class idiots." Farmers, can you vote for such a man?

A COLLEGE TR. REPUBLICAN. Apartments for Rent. I will rent two or more rooms in my house on Gambier street. For terms and other particulars called upon the undersigned. Mrs. RATHEL. July 12-78

The Fourth at Mt. Vernon. The day was very warm and exceedingly sultry, the places of business closed with few exceptions, the streets almost deserted—the only signs of animation being about the soda fountains and beer shops—and taken all together it was one of the most uninteresting and dry National holidays that we ever recalled witnessing in Mt. Vernon. In fact had it not been for the parade of the Fire Department in the forenoon, a stranger in our city would have been justified in the belief that some dreadful scourge had visited our precincts, and that our inhabitants had fled before its devastations.

The parade of the Fire Department in their new bright scarlet uniforms was a very pretty sight, and a more robust of finer looking body of men, we venture to say, can not be found in the country. The uniforms consist of dark breeches, red shirts, with large collars—the initial letters of each company being upon the breast—a belt containing the full name of the company, and the regulation helmet hat worn on the head.

At 10 o'clock, A. M., the Department formed in a hollow square on Monument Square, when, in behalf of the firemen City Solicitor Koons, in a neat speech, presented Chief Engineer John P. Kelly, with a handsomely engraved silver horn, bearing his name. Mr. Kelly was somewhat overcome by the unexpected gift, but responded in a very feeling manner, thanking them for their generous and elegant present.

The several companies then formed into line, and led by Prof. Thomas' Silver Cornet Band and the "Steamer"—which was gaily decorated for the occasion—marched through the principal streets of the city to the Court House, when Sheriff Gay assigned them to seats in the Court-room.

After Prof. Thomas and band had finished several soul-stirring airs, Chief Kelly announced that Dr. R. C. Kirk, on behalf of the City Fathers, would formally present the uniforms to the Department.—This the Doctor did in some happy and patriotic remarks, which were warmly received. Wm. Koons, Esq., accepted the uniforms in behalf of the boys, and extolled their deeds of valor, and closed by expressing the opinion that the City Council would not stop here, but would supply the department with all the first-class machinery and equipments that would enable them to successfully cope with the Fire Fiend.

In response to calls, short speeches were made by President Daniels and Messrs. Moore, Keller and Jackson, of the City Council. After which it was announced that a dinner had been prepared at the Murphy Club room, in the Kremlin building, at the City's expense, to which the several Companies were invited. The announcement was received with a round of applause from the boys, and they were marshaled and marched to the hall, where they soon made way with the plain but beautiful meal placed before them.

St. Vincent de Paul's Benevolent Society held a Picnic in McFarland's Grove, East of the City, and the day was spent in dancing and merry making. Streams of all kinds of vehicles were going to and from the grounds all day, and while there was a large attendance, the best of order was preserved.

The Mt. Vernon Guards, Co. B, 17th Regt. O. N. G., held a dance in Banning Hall, which began on the evening of the 3rd, and lasted throughout the day and evening of the 4th, and passed off in a pleasant and orderly manner.

A Viandition. As members of the committee appointed to investigate certain charges alleged against the management of the Home for Friendless Children, under the Superintendence of Rev. G. W. McWhorter, our understanding among ourselves and in the presence of two of the Trustees of said Home, was not that we were expected to give a decision in the case, as to the correctness of said charges; but that we were to ascertain, so far as possible, what evidence there was for said charges and report the same to the Board of Trustees, who, in their wisdom, would decide as to whether charges were sustained or not.

We did as best we could under the circumstances, and considered that we had done well for a committee that had no power to compel the attendance of witnesses. We were compelled to take only such evidence as persons, when asked, were willing to come before the committee and give. The persons whom it was claimed had the most important testimony, refused to come before the committee and testify. We think the Trustees did the committee great injustice, after having decided to refer the report as made back to the committee, to allow it to be garbled and partially published; and we think it was unjust for one of the Trustees to criticize the report through the press, and say to the public that the testimony as given in the same was incorrect.

We, the undersigned persons, as members of said committee, say to the public that we stand by the report as made, and are willing in a civil court to testify to its truthfulness.

J. A. THURP, JOHN TUDOR, SAM'L BRYANT, MRS. H. BENEDICT, Committee.

MR. VERNON, O., July 8, 1878.

Knox County Insurance Company. An unusually large meeting of the policyholders of the Knox County Mutual Insurance Company met at the company's principal office on High street, Mt. Vernon, on the 3d of July, and elected Joseph M. Byers, Charles Cooper, Harrison H. Greer, Norman N. Hill, William McClelland, Thomas O'Brien, Fred. D. Sturges, S. L. Taylor and Robert Thomson. Directors for the ensuing year, who afterward re-elected Robert Thompson President and William Turner, Secretary. We may here add that the Old Knox County Mutual was never in a better condition or its affairs more judiciously managed than at the present time.

Willard S. Hyde Denies his Gambling Performances. A Statement that is Not Sworn To. The following letter has been received from WILLARD S. HYDE, with a request for publication. It lacks the proper verification that would make it "more binding," but we comply with the request without comment.

CLERK'S OFFICE, KNOX COUNTY, MT. VERNON, O., July 8th, 1878. L. HARPER, Esq., Editor Banner.

DEAR SIR—I notice in the BANNER of the 5th inst., an article headed, "Willard S. Hyde at Newark." The article referred to consists of extracts from several papers. I do not think you would intentionally do me an injustice, and as the items which you have copied, contain such gross misstatements, I feel called upon to say, that they are true, only so far as that I was at Newark at the time. I did not lose any money on the "Wheel of Fortune," or any other game. I did not "kick" to recover any money. I did not have any one arrested, nor was any one arrested on any complaint made by me. I have not been requested by the Central Committee, or any of them, to withdraw from the canvass for the Clerk of the Court, and I have not the remotest idea of doing so. Will you please give this the same publicity as you did the article in your last issue and oblige.

Very Respectfully, W. S. HYDE.

Willard S. Hyde at Newark. Since the foregoing was in type we have received a number of communications from Newark, but owing to a lack of space, we have selected the following from the number. By reason of the official positions of the writers, they possess particular significance; but we also publish them without further comment.

NEWARK, Ohio, July 10, 1878. L. HARPER, Esq.—Editor Mt. Vernon Banner.—Understanding that Mr. W. S. Hyde denies all connection with the transactions set forth in the Columbus and Cincinnati dailies and in the Newark American, as republished in your issue of the 5th inst., I would say that I saw part of the transaction myself, and I herewith subjoin the statement of Mayor Bigelow and others that will fully corroborate my communication to the Dispatch, and all the other articles in that regard so far as I have seen.

Yours, etc., W. J. WILSON, Cor. Columbus Dispatch.

MAYOR'S OFFICE, NEWARK, Ohio, July 10, 1878. W. J. WILSON, Esq.: I am informed that Mr. W. S. Hyde, Clerk of the Court of Knox county, denies the correctness of your report to the Columbus Dispatch in regard to his connection with the wheel of fortune business that occurred here during the recent races, held on our Fair Grounds. I would say that I am acquainted with Mr. W. S. Hyde; that I saw him on the grounds during the races and heard him say that he could "bust the wheel of fortune"—or words to that effect, and at the same time showing a package of money that he claimed to have won at said table. He, with a couple of friends, afterwards came to my office, claiming to have lost money and wanted me to assist him in getting his money back. The Marshal afterwards brought the operators of the wheel and their traps into my office, and I saw Mr. W. S. Hyde receive back a part of the money he claimed to have lost—amounting as I then understood to \$175.—A. B. Barick, Esq., drew up the affidavit for the arrest of said operators at the solicitation and under the supervision of W. S. Hyde. And, furthermore, I myself was a witness to W. S. Hyde putting money down against the "wheel of fortune."

Respectfully, I. W. BIGELOW, Mayor City of Newark.

Knox County Medical Society. The regular meeting of the Knox County Medical Society, occurred at the office of Drs. Russell & McMillen, Wednesday, P. M., July 10th.

Meeting called to order by the President, Dr. Larimore. After reading of minutes of previous meeting, Dr. Stoffer, of Danville, was made a member of the society.

Dr. Pickard, Chairman of the committee appointed at the last meeting to secure a suitable room in which to hold the meetings of the society, reported in favor of the hall now occupied by the Y. M. C. Association. The report was adopted and Dr. Stott instructed to enter into negotiations for the same.

Dr. Larimore exhibited to the society a specimen of hydatid degeneration of an ovum of two and one-half months development. (Dr. Dumball presented a pathological case with the history, and invited discussion with a view of elucidating the diagnosis.)

Dr. Russell then read the regular essay, taking as his topic, Hereditary Development. The Doctor considered the subject in its psychological rather than its physical aspect. He believed Nature had established certain immutable laws, in accordance with which the mind is developed, and his proposition was, that the habit of thinking, or exercising the mind, determined in a great measure its degree of development; and if the mind be directed in a malevolent channel, the same tendencies would be manifest in posterity. He emphasized the importance of moral teaching as a means of overcoming these propensities. In his advice to the students of the profession, we could not but think, in spite of his protestations to the contrary, that he would have us keep an eye on the "survival of the fittest," for all of which we would here take occasion to thank him.

After reading of this very able paper, the society, on motion, adjourned. E. J. W. WILSON, Secretary.

Accident to Ex-Sheriff Williams, of Licking. James Williams, ex-Sheriff of Licking county, met with a painful and very serious accident, on last Monday that will lay him up in bed for some months to come. He was horseback riding, near his home, at Homer, when the animal became unmanageable and ran away. The horse was plunging at a terrible speed towards a very narrow passage way, and Mr. Williams, glancing the peril of his position, concluded to jump from the animal's back, rather than taken the chances of having his legs torn off. He did so, and the result was that he sustained a very severe fracture of the left ankle, the bones in some places protruding through the flesh. Drs. Russell & McMillen of this city, were called, who reduced the fracture, and rendered all the relief in their power.

Soldiers Attention. Drill and parade on the Public Square Saturday evening at 7 o'clock, meeting at the Court House, at 8 p. m. Let there be a full turn out by order.

Feels Young Again. "My mother was afflicted a long time with Neuralgia and a dull, heavy, inactive condition of the whole system; headache, nervous prostration, and was almost helpless. No physicians or medicines did her any good. Three months ago she began to use Hop Bitters, with such good effect that she seems and feels young again, although over 70 years old. I think there is no other medicine fit to use in the family." A lady, Providence, R. I.

Whenever and Wherever. Diseases of a choleric type prevail, or there is cause to apprehend a visit from them, the system should be toned, regulated and reinforced by a course of Hostetter's Stomach Bitters. Perfect digestion and a regular habit of body are the best safeguards against such maladies, and both are secured by this inestimable tonic and alterative. The Bitters are also extremely serviceable in remedying such disorders. If promptly taken in bilious colic, diarrhea and nervous prostration, the disease is usually relieved. In diarrheal cases, it is only necessary to restore the tone of the relaxed bowels, and this is one of the specific effects of this medicine. Wind on the stomach, heartburn, biliousness, nervous headache and other symptoms of disturbance in the gastric and hepatic regions are also speedily relieved by this excellent remedy. As a family medicine it is invaluable since it promptly and completely remedies those ailments which are of most frequent occurrence. July 12-1m
